

WHAT IS GRA

Global Gemological Research Association (GRA) is an independent jewelry institute. We specialize in identifying gemstones and jewels. We provide reliable and accurate gemstones and jewels testing service. Our quality report is certified by experienced professional gemologists.

TESTING AND CERTIFICATION

Upholding the highest standards of quality, GRA has set up an international standard laboratory furnished with cutting-edge gem testing equipment, modern technology, and a team of extremely qualified and experienced gemologists who test and certify your diamonds, moissanite, gemstones and jewelry. With an exceedingly advanced set-up, we provide diamond and moissanite grading, gemstone identification, jewelry quality analysis, along with an additional report verification service which allows you to instantly match your paper report with the one archiver in our database.
